KOHATU

Aroma Hop

A Tropical Fruit Punch

As well as its punchy flavors, Kohatu also stands out for its versatility. It provides a complex resinous and tropical fruit punch that pairs well with other hops, compliments many beer styles, and works just as well in single hop brews.

It also has a consistent bitterness and quality finish that balances its intense fruity aroma and fresh tropical flavors beautifully.

Try it in Wheat, Blonde, and Pale Ales where its delicate flavor can shine. Alternatively, enhance the flavors with multiple additions, or go big by adding other hop varieties to bring a New World expression to big alpha ales, IPAs, and NEIPAs.
